LUX version of mattresses

The side of the mattress made of upholstery fabric (as on the headboard and the bed base)

Each mattress from our offer can be ordered in Lux version, that is with sides upholstered with the same fabric as the bed. Solution recommended especially for continental beds.

COLLECTION OF MATTRESSES

RELAX - medium hard,
one-sided - 28 cm

RELAX is a hybrid foam-spring mattress. Comfortable combination of properly selected highly elastic and thermoelastic foams and densely arranged pocket springs, each of which reacts separately to pressure, supports the body at multiple points and ensures a comfortable and healthy sleep also for couples of different weights. Thick, soft cover made of antibacterial Tencel fabric in blue patterns, quilted with soft high-flexible foam, guarantees sleeping comfort and highest hygiene. The entire mattress is trimmed with a gray decorative tape. The underside of the cover is a breathable fabric with a fine pattern, which provides its additional ventilation. The model has vertical handles and zipper that allows to completely detach the top layer of the cover for washing.

ZEN - hard,
one-sided - 22 cm

ZEN is a modern hard foam mattress with universal use. Manufactured from specially profiled into different hardness zones highly flexible foam and delicate thermoelastic foam Supersoft. It guarantees proper support for all parts of the body and comfort during sleep. Cover made of antibacterial Silver Guard fabric Quilted with 3cm thermoelastic foam, trimmed with decorative silver trim. Gray strip of breathable fabric on the sides of the of the mattress and the underside of the 3D mesh cover will ensure the right sleeping environment. The model has a zipper that allows the cover to be divided into two parts for washing.

DREAMER - medium soft,
one-sided - 24 cm

DREAMER is a hybrid medium firm foam and spring mattress. The unique combination of three high-flexible and thermoelastic foams and densely arranged pocket springs, each of which reacts separately to pressure, provides proper body support also for couples of different weights, while the thick and springy cover, quilted with soft high-elastic foam guarantees a comfortable sleep. The bottom of the cover is sewn from gray breathable fabric with a fine pattern, which ensures proper ventilation. Model with decorative gray tape around the cover and silver trim, is equipped with horizontal handles. A zipper allows the top layer of the cover to be completely detached for washing.

CHILLOUT - soft,
double-sided - 24 cm

CHILLOUT is a two-sided 24 cm high foam mattress made of a specially selected combination of medium hardness thermoelastic foam and two types of high-elastic foams with different hardness zones. The innovative design of the Chillout mattress and the use of specialized foams guarantee adequate support for the body and ensure a comfortable sleep even for heavier people. The non-quilted cover made of antibacterial Silver AG Plus fabric allows the specialized foams to work better, enhancing their elasticity and resilience. A gray strip of breathable mesh on the sides of the mattress ensures proper sleep hygiene. The model is equipped with a zipper that allows the cover to be divided into two parts for washing.

Mattress toppers

(total height: 3 cm)

Deep quilted foam topper
(total height: 4 cm)

High-elastic foam topper with a cover
removable for washing
(total height: 4 cm)

Dream by NEW ELEGANCE

SIESTA - medium hard,
one-sided - 21 cm

SIESTA is a hybrid medium firm foam and spring mattress. The highest quality thermoelastic foam and very dense multipocket springs, each of which responds separately to pressure, provide proper body support also for couples of different weights. A thick, soft cover quilted with high-flexible foam in a geometric pattern provides maximum comfort. The model is decorated with gray decorative trimmings and an elegant ribbon. The underside of the cover made of gray breathable fabric in a fine pattern ensures proper ventilation. A zipper on each side allows the top layer of the cover to be completely detached for washing.

SERENITY - hard,
one-sided - 22 cm

SERENITY is a hybrid medium firm foam-spring mattress that will provide a comfortable and healthy sleep for people with back problems. A layer of latex reduces muscle tension and makes the mattress perfectly adaptable to each sleeper. Thanks to its unique design, it is very resilient and makes it easy to get up. It is also recommended for allergy sufferers. The thick, soft cover made of antibacterial Tencel fabric quilted with soft high-flexible foam guarantees a healthy and hygienic sleeping environment. The underside of the cover made of gray breathable fabric with a fine pattern ensures proper ventilation. The model with a gray decorative tape, equipped with vertical handles and zipper that allows the top layer of the cover to be completely detached for washing.

CALM - medium hard,
double-sided - 23 cm

CALM is a two-sided foam mattress built from two high-flexible foams of different firmness which provide stable support. The two-sidedness of the mattress: the medium-hard side and the hard side will enable healthy and comfortable sleep for heavier people. For heavier people, the firm side of the mattress is especially recommended. A quilted, soft cover made of Lyocell fabric and an additional (3cm) layer of fiber Air Flou will increase sleeping comfort. A gray strip of breathable mesh on the sides of the mattress will ensure proper hygiene during sleep. Zipper allows the cover to be divided into two parts for washing.

Each mattress from the new collection is available in a LUX version.

A solution ideal for continental beds. The top of the cover identical to that of the selected mattress. Sides of the mattress covered with fabric identical to the selected bed. Available sizes: 80, 90, 140, 160, 180, 200 / 200cm

all mattresses available in sizes:
80, 90, 140, 160, 180, 200 / 200cm

Ventilated pillows

The anatomical pillows are made of thermoelastic foam, the properties of which allow for a perfect fit to the line determined by the shoulders, neck and head, ensuring the right way to support the spine during sleep and rest.

Contoured 60x40x12

Profile 60x43x11

CATALOGS OF OTHER COLLECTIONS ARE AVAILABLE AT
WWW.NEWELEGANCE.PL AND IN FINE FURNITURE STORES

A very wide selection of upholstered beds in various styles - from classic through minimalist, Scandinavian, glamour to contemporary Italian design. Many systems that allow you to personalize the bed: Premium for the very demanding, Mini Maxi for those needing different sizes, in addition to a variety of very comfortable continental beds and lightweight beds on high legs with integrated slatted frames. A very large selection of carefully selected fabrics.

Ready-made built-in systems for bedrooms of different sizes. The Sleep Varia system includes base furniture with or without tables, closets in different sizes and with different solutions in the interior, shelves, interior and exterior shelving, masking sides, blends masking the remaining free space with different widths. For the system we propose 10 different beds in many sizes. Practical reading lamps with USB input will ensure comfortable and healthy relaxation.

The perfect solution for a youth room or a small apartment for a student. Modern and clever solutions from the Basic (spring-loaded wall bed) and Genius (wall bed with gas actuators) collections, together with complementary elements (closets, chests of drawers, bookcases, desks), will allow you to furnish any small space coherently and comfortably. Several decors to choose from will guarantee the selection of your favorite style, and different sizes and variants will perfectly match the furniture to the size of the room.
